

Parent observation days are the first and last classes of the session.

Parents please wait outside the program area during the remaining lessons.

*We believe this is an important part of the learning process for participants to be able to focus on the instructor and peers to better their skills.

Safety First

- *Be on time dropping off and picking up your child.
- *Be available during the time that your child is in a program.
- *Supervise children in your care when they are not enrolled in a program.
- *Children under the age of 11 must be supervised by an adult while in our YMCA building when not participating in program.

Parent-Child Swim Lessons

Kipper/Perch

These classes are water enrichment classes for children from 6 months to 36 months of age. Children are accompanied in the water by a parent or another adult. Kipper 6-18 months, Perch 19-36 months. The YMCA does not promote dunking an infant under the water.

Preschool Swim Lessons

Ages 3-5 years

Pike/Eel: These classes are water adjustment and beginning swimming skills classes. *Pike are accompanied in the water by a parent or another adult, Eel are not.*

Ray: This class is designed for children who have mastered the water adjustment skills. Children must be recommended for this class by a swim instructor.

Youth Swim Lessons

This program is for children in Kindergarten and up. We lay a good foundation of basic aquatic skills and safety. At each level, participants are involved in activities related to the five components of personal safety: personal growth, stroke development, water games and sports, and rescues. We will work on both stroke competence and building endurance.

Swim Test: If you are not sure which class to enroll your child, please make an appointment for a swim test.
