CHEERLEADING ROUTINES STUNTS

NEW! Youth Cheer Class

The cheer classes will focus on improving technique in motions, jumps, stunting, and tumbling. Participants will learn age-appropriate routines, all while having fun, building self-confidence, and developing social skills.

Our cheer coach, Taylor, has a USASF Certification for level 4 tumbling and level 5 stunting. Taylor has coached many teams to National Championships in some of the biggest cheerleading competitions in the country. Taylor was a cheerleader for 14 years, cheering at Cheer Intensity All Stars, in high school and college. She has over 8 years of competitive cheerleading coaching experience, and we are lucky to have such a talented coach available to our community.
